Sayings of 2004 Big Sir Tom Robinson

At our October meeting, I introduced all the past Big SIRS that could attend our meeting. I am looking forward to becoming a member of that worthy fraternity.

I now know what it takes to become a member. It really doesn't take a lot of work. You do have to listen to all sides and make a decision. Sometimes it is not a popular one, but it has to be made.

At our last Executive session, I proposed two changes concerning how to impact the amount of money in our accounts. They were both turned down. Instead, we elected to forego the annual dues for 2005 only. The decision to continue this program will be voted on next year at this time.

We also reviewed the need for insurance for the Officers and Directors in the area

of Errors and Omissions. After a deep and through investigation by Ben Smith, it was decided that insurance of this nature was not necessary. The state does provide \$7,000,000 of Liability insurance for the D and O's.

Coming up on December the 8th is our annual Christmas party. Jim Shurr and his committee have put together an outstanding evening of food, dining and dancing. I am looking forward to it and I hope that all members are doing the same.

PS – "Life would be infinitely happier if we could only be born at the age of eighty and gradually approach eighteen."
Mark Twain

November Sunshine Report Art Donaldson

PETE KALLAS was in an automobile accident in early October and suffered a cracked pelvis and four broken ribs. After two days in the hospital he is now in a Concord convalescent home.

JOHN MACLAY is scheduled for prostate cancer surgery November 15 at Mt. Diablo.

JACK HAGLER had a skin cancer removed from his right temple and finished radiation treatments in mid October. He will continue chemo treatment until December.

JOHN LEMAK has returned to a convalescent hospital after recovering from pneumonia. He is working to gain strength for possible future lung surgery.

ROY HEDKE experienced chest pains one day and the next day he was in John Muir having two arterial stints implanted. Two weeks later he felt well enough to be back at the bridge table (and finished first!).

BOB MIX spent a night in John Muir suffering from a thorax constriction. He successfully passed a treadmill test and received the welcome news that no further treatment is needed.

Please let Art Donaldson (dnldsn@earthlink.net or 934-8391) know of any Sunshine concerns.

October Attendance Jim Nachtweih

Attendance at the October 18th meeting totaled 194 persons, including 186 members, 1 speaker, 7 guests and no inactive members.

There were 60 excused members and 12 unexcused members. The unexcused members will be asked to pay for their missed lunch.

WIFE: "There's trouble with the car. It has water in the carburetor."

HUSBAND: "Water in the carburetor? That's ridiculous."

WIFE: "I tell you the car has water in the carburetor."

HUSBAND: "You don't even know what a carburetor is. I'll check it out. Where's the car?"

WIFE: "In the pool."

\$ums In Retirement Ben Smith

"\$ums In Retirement" will meet on **WEDNESDAY, NOVEMBER 17, 2004.**

This a change from our normal 4th Wednesday, due to the Thanksgiving Holiday. This will be our last meeting of 2004. We resume in January 2005. We will review our past year stock picks, and make our picks for 2005.

We will meet at Diablo Creek Golf course (Grill room) located on the North intersection of Highway 4 and Port Chicago Highway, Concord. The meeting will start at 8am, with breakfast available at anytime after 7am.

Our Guest speaker will be Mr. Brian Ambrose, CPA, Certified Financial Planner with SFG Investments of Walnut Creek. His Topic will be "SAFE MONEY IDEAS". Mr. Ambrose has many years of experience and has some creative and novel ideas on how to invest for a reasonable return and still protect/guarantee your Retirement Capital Base. This should prove to be a thought provoking meeting.

All SIR's and their guests are welcome. No reservations are required. Bring your ideas and suggestions and make an investment in building your knowledge.....As we all know, Knowledge is Power.

If you need additional information contact SIR Ben Smith (Branch 116) Tele: 925-820-5403, e-mail bjsssmith@aol.com

Bridge Milt Greenstein

Our annual Ladies Day lunch and bridge event was held on October 12, coordinated by Ben and Helen Yeraka, and by Bob and Jane Singleton. We had 17 tables for bridge, a great group.

Our big winner was Bob Anderson and his partner, Fern Quenvold, with an amazing 8000 points !!! That is an average of 333 points per hand for the 24 hands that were played ! (During our regular SIRS bridge days, the average high score for 2004 todate is 6250, with an individual all-time high of 7620). That kind of score requires not only good cards, but excellent play as well. Bob and Fern had one small slam included in there totals.

The booby prize was won by yours truly. (Bob and Fern got all of OUR good cards !)

Area 2 Fishing Report for November, 2004

Terry Miller

The word is that “the big fish are in!!!!”. Finally, the salmon and stripers that have been lurking off the San Francisco headlands are coming into the rivers. In the last week or so, Brach 8’s Rich Bal, Bob Stine and others hit the last few gasps of the season going out into the Ocean for what’s left of the run there. Rich got an 18# and Bob his usual 2 fresh beauties. But the real story now is the rivers. Joe Peterson (Branch 19), one of our members from Rio Vista, caught a 35# salmon off Viera’s Resort on the Old Sacramento. Al Brunner and Terry Miller (Branches 19 and 116 respectively) caught two nice salmon there fishing above the Rio Vista Bridge. Stripers are also in (they follow the salmon), and fishing is picking up all along the River. For the first time in months fishermen report lines at the fish cleaning station to clean their fish. With the prior catches, you’d never have had a problem. Now you need patience. What a great development!!! Our members are getting their boats out to take part in these big events.

Rio Vista had its Bass Derby early this Month and catches were big and lots of them. Top prizes were boats and similar gear. Can’t say any of our SIRs were winners, but maybe next year. Many of our guys are off on cruises and other trips, so they have a lot of catching up to do when they get back.

For the rest of the year our focus will be on the Delta and rivers for salmon, steelhead and stripers. We’ll do this on an ad hoc basis (each fisherman making arrangements with members, who have boats). The Group still has a possible trip to Baja in late November and North Coast fishing for steelhead in late December. There’s much more, so, for those interested, attend one or more of our meetings (usually on the 4th Thursday of the Month) at the Legends Sports Bar and Grill at the Diablo Creek Golf Course at 4050 Port Chicago Highway in Concord. Meetings start at 8:30 a.m. For further information, please contact Bill Hooy (Big Fish)(925-686-2627); Terry Miller, Br 116 Coordinator)(925-686-9298) or Tom Hensley (Treasurer/Secretary)(925-937-0605). All SIR members and guests are welcome and, indeed, encouraged, to participate in the fishing trips as well as attend the monthly meetings.

Following is an excerpt from Tom Kopas, a frequent presenter to the Sums in Retirement Group:

Generating Positive Returns in a Trendless Market

Adding value to portfolios in “go-nowhere stock markets” has been a challenge facing investors and professional money managers for more than five years now. Returns from the stock market (S&P 500 index) have shown considerable volatility over this time period, suffering a nearly 50% decline followed by only a partial recovery. The end result is that stock market returns, including dividends, have been negative for the last five years. So how do you generate positive returns to your portfolio in a trendless market?

First of all, let us explain that recent market behavior seems more typical to us than the “bubble” years of the late 1990’s when an unprecedented speculative fever took hold of the market. Recently, the market has moved in closer response to more normal, cyclical trends in the economy. Secondly, we fully expect the market will continue to move in a wide, sideways range with cyclical good and bad periods for years to come. We welcome the return to a saner market environment as we are well prepared to navigate successfully through the economic ups and downs that lie ahead.

One critical factor in an investor’s ultimate success or failure is the ongoing decision how to allocate money between stocks, bonds, cash, and inflation sensitive securities. Various studies have found that asset allocation is the key determinant of portfolio performance. The right mix is critical because it does not matter as much how one particular investment performs, but how the portfolio performs as a whole. For example, economic events may send bond prices higher even while the stock market declines. Combining different classes of assets into a balanced investment plan can stabilize performance, reduce risk, and create a well-diversified portfolio that will prosper through the dynamic cyclical changes that occur in the economy and markets. **The result, as evidenced by the last five memorable years, is investment performance that protects the portfolio though unfavorable markets and yet participates to a measurable degree in strong periods.**

While the current year has been frustrating for others, we have used occasions of market weakness to add undervalued companies to portfolios. Asset and stock rotation in portfolios is the path to adding value in a trendless market environment.

Looking ahead to the next several quarters, we expect additional positive returns. Our intermediate work suggests we will soon see the stock market move higher into early 2005.

Wisdom from Cliff Clavin as seen on the Sitcom, "Cheers".

One afternoon at Cheers, Cliff Clavin was explaining the Buffalo Theory to his buddy Norm...

"Well ya see Norm, it's like this... A herd of buffalo can only move as fast as the slowest buffalo. And when the herd is hunted, it is the slowest and weakest ones at the back that are killed first. This natural selection is good for the herd as a whole, because the general speed

and health of the whole group keeps improving by the regular killing of the weakest members.

"In much the same way, the human brain can only operate as fast as the slowest brain cells. Excessive intake of alcohol, as we all know, kills brain cells, but naturally it attacks the slowest and weakest brain cells first. In this way, regular consumption of beer eliminates the weaker brain cells, making the brain a faster and more efficient machine. That's why you always feel smarter after a few beers."

All activities arranged for or by, or sponsored by, Sons in Retirement, Incorporated, and its Branches, are for the convenience and pleasure of the members and their guests who desire to participate. Sons in Retirement Inc. and its Branches do not assume any responsibility for the well being or safety of the participants, or their property, in any matters pertaining to said activities.

Please Remember our Rules of Attendance and Membership for Branch 116

Regular members missing 3 consecutive meetings without notifying their attendance chairman or attending less than 7 meetings within the last 12 months, shall be notified by form letter of their membership termination. Certification of attendance at another Branch meeting will be considered a credit to the attendance record. (Maximum of 2 visits per calendar year).

Non-Responsibility Clause: All travel events and other activities sponsored by Sons in Retirement, Incorporated, or its Branches, are for the convenience and pleasure of the members and their guests who desire to participate. Sons in Retirement, Incorporated, and its Branches do not assume any responsibility for the well being or safety of the participants or passengers, of their property or any damages whatsoever, in any manner pertaining to said travel activities.

Checks for trips of 3 nights or less must be made payable to the Branch conducting the trip. Checks for trips in excess of 3 nights must be made payable to the travel agency involved.
