A Nonprofit Public Benefit Organization for Retired Men Devoted to the Promotion of Independence and Dignity of Retirement.

Sayings of 2006 Big Sir, Jerry Hunter

Our August luncheon is always one of the most important luncheons of the year because it's when we elect our officers and directors for the following year. That event is the culmination of the work done by the nominating committee. So in a way, the success and the future of the organization rests in the hands of that committee. This year the committee was made up of Ron Domer as Chairmen with Carlos Xavier and Courtney Borrecco as members. The slate of officers and directors they will be placing in nomination are all, in my opinion, excellent choices. We need to commend the committee and recognize the great job they have done. After the luncheon, if you agree with me regarding their selections, you might want to compliment them on their work.

Also, on that same subject, the executive committee discussed, voted and adopted a new automatic make-up of the Nominating Committee. In the future, the Nominating Committee will be made up of the immediate past Big SIR as Chairman and the two previous Big SIRs as members. Other SIR Branches have similar types of selection processes. We agreed to at least try it because we felt the advantages outweighed the disadvantages.

Also along those same lines, as you know, we are always soliciting the membership for people that are interested in participating in the leadership of the Branch. We really would like to have a back-up list of interested people to draw from, as the need arises. If you think you might be interested, talk to any of the Officers or Directors regarding your interests.

On August 7, I will be attending the State Big SIR meeting and will also report on that meeting to you at the August Luncheon.

I'm looking forward to the Carson City Golf Getaway and hope to see many of you there. **Please note, the deadline for signing up has been moved up to August 8! Details are shown on the entry sheet on page six of this Newsletter.**

Finally, by popular demand, anyone that would like a copy of the Carnation Milk Story can E-mail a request to me and I will E-mail it back. I will also bring a few copies of the story to the August luncheon for those that don't have E-mail. Have a happy August.

Jerry Hunter

p.s. Please consider joining the SIR 50th Anniversary Cruise to Hawaii in September, 2008. If you wish to secure a spot you will need to make a deposit by September 1, 2006.

Area 2 Fishing Report

Dick Thomson

The big trip for July (10th through 14th) was to New Melones Reservoir near Angels Camp. Ten members, including Branch 116's **Dick Thomson** and **Terry Miller**, enjoyed a week's fishing at this beautiful (and this year totally full) reservoir. The damming of the Stanislaus River created a lake with a surface area of 12,500 acres and over 100 miles of tree covered shoreline. As expected, the daytime air temperature was 90 and, on Monday, went well over 100 degrees. Surface water temperature was from 76 to 84 degrees and the fish were DEEP (80+ feet), so downriggers were the order of the day. Despite the happenstance of a full and bright moon, every fisherman caught fish, and, as a group, we had well over 30 Kokanee in the boats. The fish averaged 2 pounds each and fought well. So, you really knew you had something when you brought them in.

We welcomed two new boats on this trip. Branch 8's **Bill Hooy** has a new SeaRay (17.5 feet) with kicker and Bimini. Branch 116's **Dick Thomson** has a "like new" Striper Walk Around (18.5 feet). Both boats ran wonderfully well under difficult conditions (the hot weather) and are great additions to our "fleet". We look forward to many great trips with these new craft.

Branch 19's **Al Brunner**, the fishmaster on this trip, had our fishermen in the lap of luxury, staying in luxurious condos at Angels Camp and eating out at local restaurants (Chinese one night, Mex another and pizza for the third). We even bought Subway sandwiches for lunches. What a deal!!! Notwithstanding, it wasn't clear that, despite the Subway ads, any of our fishermen lost weight as a result of eating these fine sandwiches. All told, it was a great trip and much was learned for next year's trip.

As an aside, Chef **Bill Hooy** (Branch 8) combined some of the skills he picked up in the Cooking Group to prepare a meal of Kokanee for his son and his family (7 adults) on Friday after getting back from the trip. The fish were barbequed in foil and served with baked peppers (red, green, yellow and orange, onions, baby corn and Mexican green peppers), cumin rice and green salad. Desert was Hagan Daz ice cream on a stick. What a great meal!!!! Nothing like fresh fish.

Craig Walton of Branch 8 conducted a halibut trip into San Francisco Bay at the end of June. Riders included Branch 116's **Terry Miller** (our Big Fish) and Branch 19's **Joe Peterson**. They caught 2 nice sized halibut (Craig an 8# and Terry a 6#). On July 17th Branch 8's **Rich Bal**, his son-in-law **Robert Higbee**, grandson **Sam** (11 years old), **Bob Olson** of Branch 116, **Ed Dijkman** and **Tom Click** went out of the Golden Gate on the Dandy out of Emeryville to catch salmon. The weather was perfect and the sea was calm. Grandson **Sam** out fished everyone, landing 5 (4 keepers) and hauling in the biggest fish of the day (a 34 pound salmon). Needless to say, **Sam** took home the whole fishing pool money. Great going, **Sam!!!**

The Fishing Group has now compiled the regular listing of fishermen, who want to fish in the Delta (our "Gotta Fish the Delta Group"). This now has 8 boat owners and 10 non-boat owners signed up. We should be able to make a number of good pairings off from this mix. There will be much to report in the future about "adventures" in this prime fishery.

As far as the next three months are concerned, the Group plans:

- Day trips out the Golden Gate for Salmon (dates are open - Ed Dijkman is Fishmaster);
- Summer Backyard Picnic (August 20th - Al Brunner is Fishmaster);
- Various day trips to the Delta for stripers (dates and schedules are open and based on independent arrangements between fishermen and boat owners in the "Gotta Fish the Delta Group");
- Trip to the Eastern Sierra (Bridgeport) for trout (September 17th to 19th - **John Wall** is Fishmaster);
- Trip to Viera's near Rio Vista for stripers (date open - probably in September - **Terry Miller** is Fishmaster);
- Camping trip to Medicine Lake in the high Sierra for trout (September 24th through 28th - **Joe Karg** is Fishmaster);
- Trip to Lake Davis for pike/trout (October 1 through 4 - **Joe Karg** is Fishmaster);
- Trip to Eagle Lake for trout (October 22nd through 27th - **Craig Walton** is Fishmaster);

There is much more to come so, "if you, re not fishing you, re not trying".

Happy Nonhooker Golf Balls

In order to eliminate the hook or slice from a golfer's game, scientists experimented with changes to the dimpled golf ball. Since the dimples aid in producing lift, they removed the dimples from two sides of the ball and left a strip of dimples around the equator. Then if you line up the ball on the tee such that the dimpled band is in the vertical plane, you can minimize the side force imparted by a spin about the vertical axis while still receive the benefits of the backspin. This ball was known as the Polara or the happy nonhooker.

However, the United States Golfing Association soon became concerned that this ball would "reduce the skill required to play golf and threaten the integrity of the game." So they amended the rules to require that a "golf ball be designed to have equal aerodynamic properties and equal moments of inertia about any axis through its center." This new rule effectively made the happy nonhooker illegal.
